

A TASTE OF CURIOSITY!

FEAST (Fostering Experimentation, Agency, Skills and Transformation) is served twice monthly and best enjoyed with lunch!

Each online session offers a fresh helping of creative thinking, provocative questions, practical experimentation and unexpected conversations.

WHO IS IT FOR?

Everyone working in a college!
Lecturers. Technicians. Librarians.
Administrators. Managers. Principals.
Support staff...

If you enjoy exploring ideas,
interesting questions,
or getting delightfully lost
down the occasional
rabbit hole...
pull up a chair!

FEAST

A shared table with CDN's Futures Lab, where curiosity is nourishment, imagination is practice, and experimentation is something we cook up collectively.

WHY COME ALONG?

Because change rarely arrives as a grand banquet: More often, it starts as a small bite-sized idea: A conversation. A question. A "what if?" A tiny experiment...

Leave with:

- Fresh perspectives
- New connections
- Permission to play
- Ideas worth trying out!

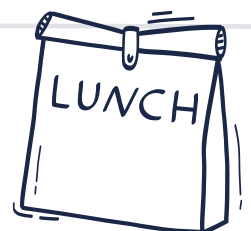

WHAT'S INVOLVED?

Online sessions for 26/27:
Thursdays at 12:10-12:50 (40 mins)

Twice a month it's a reservation in your diary for creative thinking! No prep required.

Simply:

- ✓ Log in
- ✓ Bring your lunch
- ✓ Bring your curiosity
- ✓ Give yourself permission to play.

PLEDGE TO MAKE YOUR CREATIVE THINKING A PRIORITY FOR 26/27!
